SODUS MICROD HISTORY

The Sodus Microd Club began in 1959 at the Williamson Fireman's field and track located on Ridge Road in Williamson, New York. Since it was a dirt track, the local farmer would gather kids and drive around the track pulling the children behind his tractor to maintain and level it. In 1969, the fireman's field was paved and the club continued to grow.

The club started with 30 cars. In 1959, the first track champion was Bill Devolder, #90XWL and the first feature winner was Greg Aumann, #10X. The letters identified the home track that they ran on. (X=Williamson, W=Wolcott, and L=Lyons). In 1967, the Wolcott track closed so the Williamson track adopted the W. This letter identification is no longer used today. In the early days, the first place winners received a 1/2 gallon of ice cream from Orbaker's and all other received a ribbon. The tradition of giving the drivers ribbons is still done today at the Sodus Microd Club.

In 1981, the Microd club moved to Spencer Speedway, racing on a small paved track in the infield.

In 1989 the club purchased the present track that is located on Ridge Road in Wallington, New York, a hamlet of Sodus in the Wayne County. This was the beginning of the Sodus Microd Club as we know it today and is the largest microd track in New York State. Our track is compared to Talladega Speedway as we have the long straight aways and banked turns. It consists of 23 acres, which provides bleachers for our fans, a playground for the kids, pit area, tech building, fan parking, restrooms, food booth, and tower for the announcer and scorekeepers.

In 1990, the first race was run at the current track. Today we run an average of 45-55 cars on a single race day. We have young boys and girls from the surrounding counties that come to race on a weekly basis. The drivers range in age from 5 years to 18 years old. During the school year we run on Sunday afternoons at 1:00 pm. During the summer we run on Wednesday nights at 7:00pm under the lights!

Our track operates on various fund raising functions. We raffle tickets, have car washes, annual clambakes, local advertising, track billboard advertising, and many other events. We also attend car shows and larger local tracks to promote our sport.

Admission to our track is free of charge. We have a full service food booth, 50/50 raffles at each race, and always an eventful day of racing. Our track and children are blessed with the presence of the Sodus Ambulance crew who are present at all our races to ensure the safety of our children and fans.

Throughout the years, many of our drivers have moved on from our Microd club to other local asphalt and dirt tracks such as Spencer, Canandaigua, Paradise, and Weedsport Speedways. Many are still competing today. In this sport we see generation after generation of racers, Grandfathers and fathers that raced Microds are now the pit crew for their children.

At the end of our racing season, the Sodus Microd Club racing families gather for the year-end banquet. The children receive awards for a variety of fun filled categories. The club embraces the opportunity to teach the children discipline, sportsmanship, teamwork, family values, and the rules of racing. The banquet is always guaranteed to be a fun filled evening. Watching the children receive their trophies, plaques, and awards is a priceless moment for all.

The logo for Coyote Racing Chassis features the word "Coyote" in a large, bold, italicized font with a white-to-black gradient and a red outline. Below it, "Racing Chassis" is written in a smaller, italicized font. The background is a dark, metallic-looking shape with sharp edges and highlights, set against a red background with white geometric patterns.

It's Free,

*Protects the Environment and
Creates much needed Funding
in our Community!*

Imagine It Fundraising Through Recycling is a unique niche in both the fundraising and recycling world. Established in 2002 with the intention to create a simple fundraising program with little effort to all involved. Companies can donate without opening a check book and charities maintain a consistent funding stream with little effort. Currently servicing over 2500 locations in the Upstate NY region, Imagine It has created an easy and **FREE** recycling program that concentrates on the most important component in our Sustainability efforts... REUSE! In this ever changing electronic evolution Imagine It offers the **WIN WIN WIN** solution.

- Free detailed donation records
- Free recycling receptacles
- Free employee notification materials
- Free pickups and logistical support

Did you know...

Every **SECOND**, 8 printer cartridges are thrown away.
2½ Ounces of OIL used to produce each inkjet.
3½ Quarts of OIL used to produce each laser.
In a couple of months, cartridge remanufacturing will **SAVE** more OIL than was spilled by the Exxon Valdez in Prince Edward Sound, Alaska.

Together we can do a
World of Good!

Imagine it
